Members requests to enlarge the rear smoker's area have been actioned ,with the Club relocating the previous small smokers area to the rear Beer Garden.

To comply with NSW State legislation requirements, there is now a specially marked area at the western end with the mandated air space between it and the outdoor dining and entertainment area at the eastern end, nearest the B-B-Q.

Additionally, we have installed a retractable awing to provide smokers with a more shade from the elements. Why do we have an outdoor smoking area? Quite simply we offer our members choices.
